

Bag Boy Introduces the THC-1 Travel Case **--High-Tech Hard Case Latest in Long Line of Bag Boy Innovations--**

RICHMOND –The Bag Boy Company recently introduced the latest addition to their extensive line of travel covers and cases, the THC-1 Hard Case.

Designed to withstand the rigors of airline travel, the THC-1 Travel Case includes heavy-duty, reinforced ABS constructed walls along with internal high-density poly-form foam padding. The ABS construction is 3.88mm thick while the internal foam padding is located on the top and bottom of the case for maximum protection.

“As a leader in the design and development of golf travel covers, we wanted to enhance our product line-up with a high-tech hard case,” said David Boardman, President of Bag Boy. “This case features world renowned Bag Boy quality and is built for maximum club protection.”

The THC-1 Travel Case features in-line skate wheels and two spring-loaded comfort grip handles for easy transport. In addition, two alignment clips ensure that the case closes securely and protects the latches during travel.

Designed to fit today’s oversize equipment, the THC-1 Travel Case will hold all carry bags and up to 9 ½ inch cart bags, with room for shoes, rainwear, golf balls and accessories. This high-tech hard case is also equipped with premium latches with keyed locks and heavy-duty hardware for maximum protection.

The Bag Boy Company was founded in 1946 and is recognized as an industry leader in the cart, travel cover and golf bag markets by providing outstanding customer service and dependable products for over 56 years.
