

## **Bag Boy Introduces SC-500 Three Wheel Push Cart --New Removable Third Wheel Provides Many Benefits--**

RICHMOND –The Bag Boy Company recently introduced the latest addition to their state-of-the-art line of push carts, the SC-500 Three Wheel Push Cart. The SC-500 Push Cart features a new and improved removable front wheel along with rugged, high density PVC tires. The removable front wheel allows for tool-free assembly, a more compact fold, and easier handling due to the lighter weight of the cart. The rugged tires promote long lasting durability and are ideal for all types of terrain.

“We’ve added to the exceptional value of the SC-500 by improving the design. We’ve also simplified the assembly of the cart, enhanced the durability and designed it to be even more compact than the original version,” said David Boardman, President of Bag Boy.

The new and improved SC-500 Push Cart features a detachable third wheel, an upgraded handle and scorecard holder, and an improved multi-position handle adjustment that makes pushing the cart comfortable for people of all heights.

The SC-500 Push Cart is also equipped with a convenient push-on and push-off brake design to prevent the cart from rolling. Extra features such as the swivel beverage holder and the scorecard with interior storage compartment make this cart even more convenient for all types of golfers. Like all Bag Boy products, the SC-500 is constructed with durability in mind. It is made of premium materials including a heavy-duty alloy center section and third wheel assembly, and high modulus ultra lightweight aluminum tubing.

The Bag Boy Company was founded in 1946 and is recognized as an industry leader in the cart, travel cover and golf bag markets by providing outstanding customer service and dependable products for over 58 years.
